

Healing Protocol

Unfortunately, due to allegations involving Healers in the Essex region, but not involving anyone from the Chelmsford Spiritualist Society. Healers must be aware that they should take suitable precautions to ensure that you can never be accused of inappropriate behaviour with a child, vulnerable or with anyone you are giving healing to.

Prior to healing being given, all those requesting healing need to complete and sign the “Healing Consent Form”.

Code of Dress for those requesting healing: -

Gentlemen: Shorts and vests are not acceptable modes of dress

Ladies: Low cut tops and short skirts are not acceptable modes of dress

The protection of our volunteer healers and of the Society is of paramount importance, we trust that you will understand the need for these precautions in our endeavour to avoid unnecessary problems and embarrassment to the healers and those requesting healing.

For and on behalf of The Management Council

Colin Abbott

Chairman
