

What is the point?

What is the point of this earthly life?
Of making new babies and taking a wife?
What point all the struggles through three score and ten
When we are from spirit and to spirit again?
This life contains hardship and struggle and pain
When bodies grow old and minds go insane.
What point could there be to all of that bother?
Well, simply we're here to look out for each other
To learn what it means to struggle in vain
To offer compassion to the weak and in pain
To strive for ourselves and a much higher cause.
Why are we here? Just think and take a pause.
All life is the purpose, the meaning you yearn
You are here for as long as it takes you to learn!
