## **Development Circles Application Form**

Entry to the Development Circles is by application and subject to the Circle Leaders. An application to join a circle does not imply automatic acceptance. Membership of the Society is required for the intermediate and advanced circles, together with an undertaking to actively support the Society by attending other events, other than a Circle event, throughout the year.

You will need to commit yourself to 100% attendance (sickness or holiday accepted). Your full and positive participation in circle activities is essential, not only for your own development, but also for other circle members.

The Intermediate Development Circle meet on alternative Friday evenings starting at 7.30pm. The cost per evening is £5, payable on the night. The Beginners Evenings are held over six consecutive weeks on a Thursday starting at 7.30pm. All Circles will start soon, the dates to be advised.

## **DEVELOPMENT CIRCLES**

**Development classes:** held at the hall are for people who wish to develop any spiritual abilities they may have, such as clairvoyance, healing, meditation or any other form of psychic or mediumistic ability. They are often called circles because people sometimes sit in a circle to develop.

**Beginners class:** This is an introductory level for anyone who is new to spiritualism and would like to take the first steps in developing any abilities they may have.

**Intermediate class:** This is for people who have been through the Beginners classes and would like to commit themselves to developing further. The intermediate is a closed circle, society membership is required.

**Advanced class:** This is for people who have been through the Intermediate Class and would like to commit themselves to working with spirit and with the public.
